About Us

Peace of mind is something that customers get when they deal with a company which itself is conscious about offering right quality to customers at promised time. In the present world, not all companies are conscious of serving right quality at right time, but, ours surely is as we focus on serving for a lifetime and in all the service years, maintaining good relationships with customers. Our company- **Bora Foods Private Limited** was formed in **1965** and since then, it has been timely delivering good quality **Natural Sesame Seeds, Organic Sesame Seeds, Natural White Sesame Seeds, Carom Seeds, Coriander Seeds, Sesame Oil Seed, Black Mustard Seeds, Poppy Seed, Coffee Seed** and other agro products. At our company, every customer gets a good value for money. Our service as a **manufacturer, a trader** and an **exporter** is helping us bridge gap between many nations and serve pure and organic agro products.

Dedicated to best customer-serving, Bora Foods Private Limited is a Pune, Maharashtra (India) based entity that swears to quality production to enhance customers' satisfaction level. Our company is based in Pune, Maharashtra (India) from a long time now and is playing the job roles of a manufacturing, exporting and importing company, very well.

As its in the name of our company, we deal in agro products. The large ambit of agro products we make available in the global markets encompass Ajwain Seed, Niger Seeds, Hulled Sesame Seeds, Black Sesame Seeds, Cumin Seeds, Coriander Seeds, Sesame Oil Seed, Mustard Seed, Coffee Seed, to name some. Our quality approved agro products make the very first reason of choosing our company in continuation with many.

Certification

As a progressive company that gives importance to meeting customers' needs on time, we feel proud to announce that we are certified with ISO 9001:2200 for following quality management system and abiding to all the laws and regulations formed by higher governing authorities to maintain quality in agro products throughout and support quality food products consumption.

Valuing Customers Since 1965

Since the very first day of our company's foundation, we are valuing our customers. We are working extremely passionately to drive what's beneficial for our customers and what their actual demands are and maintaining an equilibrium, we are serving best to our customers. In each of our deal, we try to create a win-win situation, for customers' benefit and company's profit. We focus on the investment made by our customers in our products and serve them complete money-worth agro products.
